

## How do home and community based services help my practice?

Home and community based services are an affordable option that offer a wide range of services to patients at home or in a community setting. Our program offers both skilled nursing and personal care services.

Every patient's recovery is different. Some require ongoing care, while others need service for only a few hours each week. Home and community based services are available 24 hours a day, seven days a week to help patients and families attain the quality of life they deserve.

We offer a multidisciplinary team of high-quality caregivers, and promise an exceptional level of professionalism and customer service for your patients.

Services offered include:

Skilled nursing:

- Wound care
- Enteral and parenteral feedings
- Medication management
- Nutrition counseling
